building before long.

boats. Placid weather has prevailed on both the north and south Atlantic, and there have been but few calls upon the vessels of the service for aid.

Following the closing of the cruising season the vessels of the service will go to their stations and will there paint and overhaul in preparation for summer work, which is more of a social nature, and consists of supervising regattas and public functions of various kinds. Many of the officers of the service, it is said, prefer the strenuous fights with winter gales and ice in aiding vessels in trouble to the summer functions, and are really sorry when the summer season comes.

The closing of the winter cruising season does not mean that the cutters will not be ready to go to the aid of a vessel in trouble, for they are always ready to respond to calls for aid, and much of the respond to the sum of the content of the season to the aid of a vessel in trouble, for they are always ready to respond to calls for aid, and much of the respond to the sum of the content of the season the content of the summer season comes.

While the cutter Onondaga, on the problem of the scow and her of the scow and sent to the scow at it will deliver a short talk on "How to Interest Boys in Plants." If the weather is unfavorable for the "hike," the meeting will be held Monday at 5:15 p.m. The meeting will be the outing will be in charge of Frederick v. Coville, chief botanist of the Department of Agriculture. The hike will be taken through Rock Creek Park and the outing will be such as sployed in blowing up the wreck of the samship Monroe, sunk off Hog Island.

A new scow, twenty by forty feet, has just been added to the camp equipment. It will be anchored off the camp site in the scoutmasters and assistant scoutmasters and assistant scoutmasters and sent twill be incharge of Frederick v. Coville, chief botanist of the Department of the weather will deliver a short talk on "How to Interest Edys in Plants." If the weather is unfavorable for the "hike," the meeting will be five the amship Monroe, sunk off Hog Island.

A new scow, twenty by forty feet, has just been added to the camp sit in the weather will be anchored off the camp sit in the ments. The explosion was seen from the decks of the Thetis and her boats were sent to the scow. Four men, badly injured, were taken ashore and sent to the hospital. The master of the scow and others of the crew were killed by the explosion. After looking after the injured persons the cutter returned to the scow, but it had sunk and the cutter could do nothing to raise it.

While the cutter Onondaga, on the Norfolk station, has had no calls to aid tesses in distress, she has had a busy week of it. Early in the week she was employed in blowing up the wreck of the steamship Monroe, sunk off Hog Island, on the Virginia coast, in order to make it safe for vessels to pass over it. Completing this work she returned to the Chesapeake and is now engaged in blowing up the wreck of the barge Dom Pedro II, which sank several weeks ago on the Tail of the Horseshoe shoal and is in the way of vessels passing in and out of Chesapeake bay.

Heights, Md.

The sixth regular meeting of the Scoutmasters' Club will be held Monday at 5.15 p.m. The meeting will be in charge of Frederick V. Coville, chief botanist of the Department of Agriculture. The hike will be taken through Rock Creek Park and Mr. Coville will deliver a short talk on "How to Interest Boys in Plants." If the weather is unfavorable for the "hike," the meeting will be held din the couting will be in charge of Frederick V. Coville, chief botanist of the Department of Agriculture. The hike will be taken through Rock Creek Park and Mr. Coville will deliver a short talk on "How to Interest Boys in Plants." If the weather is unfavorable for the "hike," the meeting will be held din the red parlor of the New Eabitt at 7:45 p.m.

A new scow, twenty by forty feet, has just been added to the camp equipment. It will be anchored off the camp site in Chesapeake bay and will be used for boat landing and swimming float. Diving platforms will be erected on it as well as springling boards.

schooner Haskill about 300 miles north of Porto Rico, and the cutter Algonquin, on the Porto Rico station, has been instructed to locate the derelict. If it is found and can be towed into port it will be done, but if Capt. Billard, commanding the Algonquin, deems it inadvisable to attempt to tow the hulk, gun cotton mines will be used to destroy it as a menace to safety of vessales. Karl W. Woodward of the forest service, Scout Commissioner E. S. Martin and Malcolm P. Junkin of the scout organization will visit the camp site on Chesapeake bay today to complete arrangements for the cutting of the timber on the tract.

Repairs to the Mohawk.

Repairs to the cutter Mohawk, which have been in progress at Arundel cove, Md., for several months past, are now about completed, and early in the coming week she will return to her station at New York, and will relieve the cutter Itasca, which has been doing duty in her place. On being relieved the Itasca will be given an overhauling and cleaning up to remove all traces of her strenuous winter cruising service, and she will go to New London to make ready to take the cadets at the During the past week the following merit badges have been awarded to the first-class scouts who have completed the from the merit badges are completed the first-class scouts who have completed

about completed, and early in the coming week she will return to her station at New York, and will relieve the cutter Itasca, which has been doing duty in her place. On being relieved the Itasca will be given an overhauling and cleaning up to remove all traces of her strenuous winter cruising service, and she will go to New London to make ready to take the cadets at the school of instruction on their regular summer cruise.

New boilers which are to be installed in the cutter McColloch have arrived at the Mare Island navy yard, and the work of installing them will be started at once, in order to have the cutter ready for service in Alaskan waters this summer. About six weeks or two months will be required, it is said, to install the new boilers and put the cutter in condition for cruising.

Regatta time, when the cutters are called upon to ald in making these marine functions a success, is at hand, and the first one of the season was held by the San Diego Yacht Club, at San Diego, Cal., yesterday. The cutter Bear patrolled the course of the races and aided in making the affair a pleasant and enjoyable one. pathfinding. Walter Earnshaw, Troop 48, craftsman-

Reports received from incoming steamers at New York state that wreckage was passed about ninety miles off Barnegat light station ninety miles off Barter Itasca has been sent to find the wreckage and to destroy it as it is a serious menace to the safety of vessels bound up or down the coast.

Scoutmaster II. L. Taylor and a number of his scouts gave an exhibition last evening at the chapel located at Half and M streets southeast. A new troop is being organized there with headquarters that will equal any in the city. The building is equipped with a large drill hall and a number of smaller rooms which can be used by the different patrois as clubrooms. Theodore W. Noyes and Glfford Pinchot have aided in furnishing material to equip the clubroom.

Death of Veteran Pilot. Master's Mate James R. Dunn, for

many years pilot of the cutter Guthrie,

the boarding boat at Baltimore, died last week at his home, in Baltimore, of pneumonia. The deceased had been long in the service and was well liked by the officers and men of the service.

Orders and men of the service.
Orders for the week are as follows:
Second Lieut, of Engineers S. B. Orne,
detached Onondago, April 1, to Tuscarora,
granted fifteen days' leave en route.
Second Lieut, R. P. Munro, preparatory
orders to Tuscarors.

First Lieut, of Engineers C. G. Porcher,

detached Androscoggin, upon relief, to Winona, granted fifteen days' leave en

reute.
First Lieut, of Engineers C. S. Root, de-tached Winona, and granted six months'

Harry Poland, eight years old, of near Mount Savage, Md., was fatally injured Wednesday, when he was run over by the netorbus plying between Cumberland and Mount Savage.

new troops in Rome, Ga., and lectured to about seventy-five girls in the Berry School, near that city.

Friday evening, March 20, a troop was formed in Petworth, with Mrs. Samuel A. Mooers as captain, ten girls enrolling as members. Mrs. Low and Miss Johnston were both present and helped in organizing. The following members comprise the Pansy patrols of Petworth: Miss Melba Jones, patrol leader No. 1: Miss Gertrude Coon, patrol leader No. 2: Miss Adenia Royer, corporal No. 1: Miss Elsie Pierce, corporal No. 2: Miss Anna Cushman, secretary: Misses Jessie Coilling, Dorothy Overstreet, Helen Daly, Helen Gleason, Esther Whitman, Dorothy Leech and Norma Unger.

At the last meeting of the Forget menot Troop of Kenilworth Miss Amy Harvey was elected patrol leader and Miss Martha Robertson corporal. William Prentice and Lawrence Prentice of Troop No. 40 of the Boy Scouts were present and taught the girls semaphore. The following members have passed their second class tests: Misses Martha Robertson, Gladys Prentice, Helen Baur, Lucia Robertson and Florence Zirkle.

In the Oak Troop at Takoma Park, Misses Evelyn Jones, Margaret Fry and Akce Addison were enrolled as new members at the last meeting, Miss Esther Dutton was elected secretary and Miss Margaret Fry treasurer.

The Pansy Troop of Capitol Heights Scoutmaster Malcolm P. Junkin went to Mount Rainier, Md., Friday evening last to organize the Stockade of the Boy Pioneers of America into a Boy Scout troop. The new troop has headquarters in the Mount Rainier Christian Church and meets every Friday evening at 7:30 o'clock.

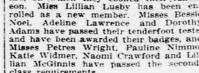

The new form of the certificate of fitness for first and second class examination can now be had at headquarters. Scout Commissioner Martin requests that the troops supply themselves with these certificates so that they may be used for the next examination the beginning of next month.

Second Lieut. R. P. Munro, preparatory orders to Tuscarora.
Second Lieut. A. H. Scally, preparatory orders to Mackinac.
Second Lieut. of Engineers C. F. Sugden, preparatory orders to Morrill.
Capt. James M. Moore, ordered to Washington on official business.
Second Lieut. James Pine, ordered to Yamacraw for temporary duty.
Capt. of Engineers F. E. Owen, detailed to inspect steamer Relief, at City Point life-saving station, Mass.
First Lieut. of Engineers S. M. Rock, detached Tahoma upon relief to Androscoggin, granted thirty days' leave en route. Communications have been received by the Boy Scout editor from troop scribes as follows:

Troop No. 51.

"In exchange for our motion picture machine, which we won last fall by selling the most tickets for the show, 'The Making a Scout,' we have received an

excellent stereopticon machine. With this new machine we are planning several lectures that will greatly aid us in our scout work. March 27. The place of

the time in the woods building a campfire, on which they cooked their luncheon. Miss Lillian Lusby has been enrolled as a new member. Misses Bessie Noel, Adeline Lawrence and Dorothy Adams have passed their tenderfoot tests, and have been awarded their badges, and Misses Petres Wright, Pauline Nimmo, Katle Widmer, Naomi Crawford and Lillian McGinnis have passed the second-class requirements.

The following members of the Sunflower Troop have passed their examinations for second-class; Misses Frances Weeden, Evelyn Zane, Elizabeth Gatlin, Margaret Conners, Eleanor Putski, Jessie Bigelow and Martha Boyle, Miss Elizabeth Falkner has been enrolled as tenderfoot. Miss Elizabeth Gatlin and Miss Martha Boyle have been elected secretaries and Miss Eleanor Putski "doctor." The troop expects to own a first aid kit, and Miss Putski has been appointed to be in readiness to administer first aid on hiking trips when necessary. Flans are being made by this troop for a camping trip spectral of the property and the second constitution of the second

### A Herring Anniversary

One year ago yesterday the first her-Only Twenty-Seven Applicants. ring of the season, about 50,000 of them, were cut at the fish wharf for the army will take the examination for commissions in the regular Medical Corps of both shad and herring has been April 13. There are twenty-six vacancies extremely light. Yesterday's receipts

were the heaviest so far.

Reports received from the haul-seine shores on the Potomac state that some few shad and herring are now being caught. In the shipment of fish received by Capt. Will Neitzy yesterday from Windmill Point there were five shad, the first to be received here this season from the river nets. The few herring that are being caught at the fishing shores are being used there.

Capt. Dave Faunce, who operates power runboats on the river in the fishing season, will leave here with his big power boat early this week. Before the end of the week he will be back with a full load of shad and herring.

Windmill Point Catches
